Notes for Installation

1. Make sure of the measurements and colour of units.
2. Check that the height of the ceiling in the room is sufficient.
3. Check that the entrance is big enough to accommodate the Bulk Filers. (Check installation site and that lifts and stairs are wide and high enough).
4. Check that plugs against walls are not obstructed during installation.
5. Check that lights are not in the way of Bulk Filers.
6. Check that parking space is available and close enough to installation area.
7. Check that space will be cleared of obstacles where Bulk Filers will be installed.
8. Make sure that for shelves done, 800mm walk-in space will be allowed and for pull-out cradles/drawers/ working shelves, etc. Working with pull-out telescopic slides, 1200mm walk-in space will be allowed.
